RADIOCARBON DATING
VEIEN 1995 - LGU

Please find enclosed 1 charcoal sample for radiocarbon dating:
VEIEN NR. 70.

Late last year we sent **one charcoal sample** with the reference **HAGA 19951003-LGU**, and we have received the dating report. We have however received **two invoices**: number 23235 (17.nov. 1995) and number 23368 (7. december 1995), copy of both are enclosed. This must be a misunderstanding!

Both invoices are already sent the University for payment. Instead of you paying us back, we kindly ask the enclosed sample to be analysed.

Sincerely

Perry Rolfsen
curator
